

AMMUNITION WAS BOUND FOR MEXICO

Jose Parr and Eight Other Men Were Captured and Executed Sunday According to an American Rancher.

EL PASO, Tex., July 17.—United States officers, assisted by Mexican consular agents, captured the largest consignment of contraband ammunition ever taken here when they discovered four Mexicans covering with coal boxes containing 448,000 rounds of rifle cartridges which they had placed in a car in the Santa Fe railroad yards.

Wednesday the prisoners, who are of the laboring class, were arraigned before the U. S. commissioner. An American, believed by some of the officers to be the leader of the smuggling party, escaped. The ammunition is believed by the officers to have been a shipment for Gen. Francisco Villa, destined to a border point near Columbus, N. M. The estimated value of the cartridges is \$20,000.

An American business man from Chihuahua, who passed through Villa's camp at Asencion, made the statement that the constitutionalists have 1,100 well drilled and thoroughly equipped cavalry. Villa told the American his intention was to assault Juarez within ten days. Villa's officers who left El Paso Wednesday said the intention of the rebels is to join forces south and southeast of Juarez for the attack. In this attack the fire would be directed toward El Paso. The defenses placed by the federalists at the western outskirts of Juarez, consisting of barbed wire "tranches" and rifle trenches, is the reason given for the change of the rebels' plans.

Jose Parr and his son, leading a detachment of the independent forces under Maximo Castillo, were captured and executed last Sunday together with eight other men, with Villa's scouting party commanded by Porfirio Talamantes, after a fight at Casas Grandes, according to an American rancher who reached here Wednesday. Parr was reported as having been on a looting expedition among the Mormon colonies in the Galena district.

JOHNS IS NOT HELD FOR GIRL'S DEATH

WILKESBARRE, Pa., July 17.—Herbert Johns, the young miner who was being held in connection with the death of Alice Crispell, whose body was found in Harvey's lake, was discharged on habeas corpus proceedings Wednesday and those in charge of the investigation of the girl's death say they have no further clues in the mystery. It was nothing to indicate foul play.

Other witnesses testified to seeing Johns and the girl at Harvey's lake on July 4, when she was last seen alive. It was also noted that the lake is only three feet deep at the spot where the body was discovered.

GERMAN OFFICIALS TO BE TRIED FOR TREASON

Several Are Charged With Having Accepted Bribes From the Krupp Company.

BERLIN, July 17.—Several officials employed in the Prussian war office, holding the rank of officers, will be tried by court martial July 29. They are charged with accepting bribes from the Krupp company and with putting behind closed doors, all those taking part in the case having been sworn to secrecy.

It has not been learned how many officers are involved, but it is known that four attorneys have been retained to defend them, giving reason for the belief that there are at least three or four accused.

The institution of these charges is the result of an investigation of sensational allegations made by Herr Liebknecht, a socialist, in a speech in the reichstag last April.

FIVE MEN ARE HELD PRISONERS IN MINE

DULUTH, Minn., July 17.—Five miners, all married, with families, Wednesday night are imprisoned in Spruce mine No. 1 at Eveleth, Minn., as a result of a rush of water cutting a severe rain Wednesday. It is thought that the men are alive and ten companions were rescued.

Efforts to prevent the further flooding of the workings by bulkheads were hampered by a frantic crowd of women and children, who begged in a babel of tongues for news of the imprisoned men.

The mine is the property of the Oliver Iron Mining Co., a subsidiary of the American Steel Co.

STRIKING DRIVERS AGREE ON DEMANDS

CLEVELAND, O., July 17.—The formal demands of the striking ice drivers which will be presented to their employers Thursday, were drawn up Wednesday night at a mass meeting of all the strikers.

Although there are more than twice that many ice drivers in the city, independent companies say their employees are not affected by the strike movement. The nature of the demands of the strikers will not be made public until they have been presented to the employers.

ICE IS BADLY NEEDED

PETERSBURG, Ind., July 17.—Shortage of ice here has caused several large companies to haul the product from Oakland City to supply consumers Thursday. Icing carloads of cantaloupes is given as the cause of the shortage. The price of ice has increased 25 per cent.

THIRD WARD VOTERS, ATTENTION.

The voters of the Third ward will meet this evening at 8 o'clock in St. Patrick's hall, 303 South Scott street, for the purpose of organizing a Joyce club. —Advertisement.

Miss Mary Gilson is visiting her sister Mrs. George Valentine of Benton Harbor, Mich.

Mr. Louisa Collins went to Geneva, Ill.

JAGUAR IS A LARGE, FIERCE WILDCAT; EATS MONKEYS AND LARGE REPTILES

BY AUNT GERTIE.

Did you ever see a jaguar? Here is a picture of one, but you really ought to go to the zoo and look at a real, live one. You know the animal is six or seven feet long and nearly one-third of its length is taken up by tail!

The jaguar is the largest, fiercest and most interesting of all the wild cats. Like the leopard, this strange animal has rings up its body, and each ring encloses one or more dark spots.

While Artist Barnie and I watched the jaguars in the zoo, we noticed that they went often to the water. Then the keeper told us that these animals are very, very fond of water!

You see their natural home is the forest, and if you were to go into the half-flooded jungles of the Amazon valley you would find many of them. Foxes and wolves are the natural enemies of the jaguar, tormenting the beast whenever they get a chance. They follow it about, hoping to get the chance to eat the remains of its breakfast or dinner.

Although such a big, strong animal, the jaguar scarcely ever attacks a man unless cornered or teased. In the daytime it usually lies in the tall underbrush, waking up at sundown. What do you think—the jaguar likes to eat monkeys and large reptiles! Isn't that queer food?

Along the tropical rivers the jaguars lie in wait for turtles which come ashore to lay their eggs. Then they turn them over and gnaw them out of their shell.

Sometimes alligators and boas are seized and killed.

Fish are often snatched! It is really hard work to get much of this prey, and the jaguar prefers to lie upon the low limb of a tree or on top of a rock commanding a game trail. Then all it has to do is to pounce on the animal!

The babies of a jaguar are called kittens. They are very pretty and cunning when they are small, but each year they grow they become more dangerous and savage.

RETURNS MONEY GOT DURING WAR

Veteran, Now a Resident of Ireland, Sends \$150 Which is Added to Conscience Fund.

WASHINGTON, July 17.—A veteran of the American civil war, now a poor farmer in Ireland, with a large family dependent upon him, Wednesday sent the treasury department \$150 as a "conscience contribution" for some fraud he perpetrated upon the government while a soldier 50 years ago. The contribution, representing the savings of years, was sent through a Catholic priest to satisfy the gnawing of a troubled conscience.

Several weeks ago, the priest advised the department of the man's desire to ease his mind and asked if in view of the offender's poor circumstances, the government could forgive the offense and remit the indebtedness which he said, was the result of "making false returns". Chief Clerk Wilmoth requested the man's name and the circumstances of the fraud.

The minister, enclosing a check for 30 pounds on a Dublin bank, replied in a letter received Wednesday that the contributor's identity had been given him under the seal of secrecy and he could not reveal it. The money was placed in the "conscience fund".

FLUCKEY TOWN

Dr. Baker and wife of South Bend, visited with Mr. and Mrs. Wm. Robinson on Sunday.

Mr. and Mrs. Elmer Morrow of Cottage Hill Sunday with Geo. Morrow.

Daniel Marks is slowly improving from his recent illness.

J. W. Goben and wife visited in Wyatt on Sunday.

The storm of Monday night created havoc with the wheat and the fields.

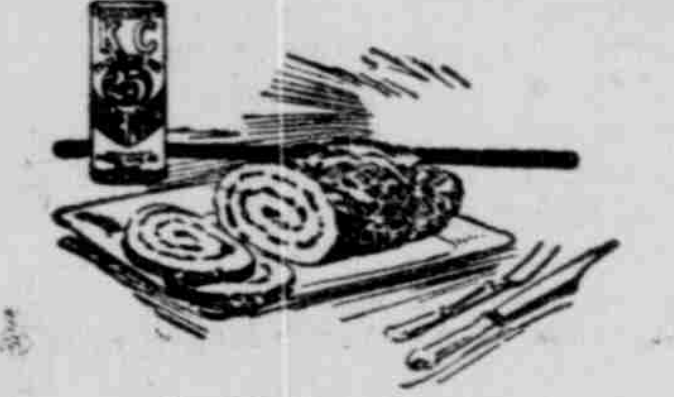

J. O. Kollars has erected a fine new dairy barn.

Beef Roll

A New Way of Using Left Overs By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine.

Every housewife finds the disposition of left overs a most perplexing problem. K C Beef Roll will go a long way toward helping you out when the family get tired of hash and stews. You really ought to try it for supper tonight or tomorrow night at the latest.

Beef Roll, K C Style

Three cups flour; 1 teaspoonful salt; 3 level teaspoons K C Baking Powder; 1/2 cup shortening; 1 cup milk; 1 cup water; 1/2 cup chopped beef and ham; 1 teaspoonful mixed mustard; 2 beaten eggs; grating of onion; 1/4 teaspoonful each, salt and pepper, brush or water.

Make a biscuit dough of the flour, salt, K C baking powder, shortening and milk, and roll into a sheet half an inch thick, having the ends even. Mix the other ingredients by themselves, using liquid as needed to make a paste. Spread the paste over the dough and roll like a jelly roll. Bake in a buttered pan about forty minutes. Brush over the outside with a little beaten egg left for the purpose and return to the oven to brown. Serve hot with a rich brown sauce. Other meats, such as chicken or veal, alone, or in combination, may be used. The onion and mustard may be omitted.

Ninety recipes—just think of it—by the famous cooking authority, Mrs. Janet McKenzie Hill, sent free upon receipt of the colored certificate packed in 25-cent cans of K C Baking Powder. Send for the handsome Cook's Book today to the JAGUARS MFG. CO., Chicago.

DEATON CONFESSES TO WILL HOLD A REUNION

Between 75 and 80 men and women who spent a portion of their school-days in the Oak Grove school in Warren township, will hold a picnic next Saturday in the grove near the Dunkard church on Division st. road. Representatives from every class since 1872 are expected to be present. This probably will become an annual affair.

Do You Know That

St. Mary's Grounds Not Open to Public

The authorities at St. Mary's have decided that hereafter the grounds of the institution will not be opened to the public.

Owing to the imposition of some persons who have been freely allowed the use of the grounds, this decision has become necessary. The speeding of automobiles, besides being a menace to safety, has also aided in damaging the drive-ways and shrubbery.

Persons who have business with the institution, or have children in attendance there, will find no difficulty in enjoying the same privileges as in the past and they shall receive courteous attention at all times.

Visitor's Received

During the vacation months, visitors who wish to be shown through the buildings at St. Mary's will be accommodated on Tuesday's and Thursday's from 10 a. m. to 5 p. m.

Checks Check

Nine times out of ten the man who deposits his money in the bank and pays for all purchases by drawing a check stops some of his extravaganzas.

The cancelled check is a never failing receipt for money expended and enables a person to keep an accurate record of income and expenses.

Every man or woman who receives and pays out money should enjoy the protection that this bank affords, by having an account subject to check.

We welcome new accounts—both large and small.
